

**AL-AMEEN INSTITUTE
OF INFORMATION SCIENCES**

PROSPECTUS

LEADERSHIP THROUGH KNOWLEDGE

www.aiisedu.org

OUR VISION

“To transform students into globally competitive IT professionals through quality and value based education and orient them towards serving the Society”

OUR MISSION

- To empower students with the required skills to meet the challenging needs of Technical Society by building on its traditions of innovation, critical thinking and problem solving techniques.
- To impart moral and ethical values and interpersonal skills to the students.
- To serve the cause of those students who failed to fetch on merit and poverty.

OUR FOUNDER

DR.MUMTAZ AHMED KHAN

Al-Ameen Movement took its birth in 1966 by Dr.Mumtaz Ahmed Khan with inception of Al-Ameen Educational Society in the midst of illiterate masses of the society of Bangalore especially among the members of the Muslim Community. At this time India was struggling with all financial restrains to implement Literacy Programmes. Al-Ameen Movement initiated the process of education children of have-nots and specifically the children of poverty ridden sections of the society and those who failed to get seats in reputed institutions because of non-affordability of finances to educate their children.

OUR HON'BLE CHAIRMAN

MR. UMAR ISMAIL KHAN

Welcome to Al-Ameen, an educational brand that is dedicated to serving humanity purely through quality education. Our sincere efforts are to build a better nation by equipping the youth with knowledge and leadership. We are spread throughout the country with around 250 institutions, starting from pre-nursery to PhD. We at Al-Ameen Institute of Information Sciences, Bangalore, have been working on student development in academics to make them have a successful career in information technology. We believe in providing an opportunity to each and every eligible youth aspiring to be a part of the IT industry.

OUR HON'BLE SECRETARY

MR. ZUBAIR ANWAR

Educational Institutions form the backbone of our country. And while holding an important position in a wide organization like Al-Ameen, it is duty to stand hard and do my best for the development of the institution while providing quality education to the student.

OUR PRINCIPAL

DR. NASIR S.F.B.

Preparing the youth today to become future IT professionals, was the motto, which Al Ameen Institute of Information Studies pursued. It is vibrant with energy in the form of resources, to fine tune potential IT professionals & cope up with the change in the corporate world. The aspiring student entrusted to our case for integrated development which include Technical, Moral, Physical and Spiritual development in them besides imparting knowledge in their disciplines. We at Al-Ameen nurture them and help discover themselves so as to develop into confident, proactive and ethical young IT professionals ready to take up the corporate challenges in the international arena. I am confident that my students are poised to take up any challenges in today's IT Scenario.
I wish my students, a very successful and bright career.

INTRODUCTION

Al-Ameen Institute of Information Sciences (AIIS) is the youngest institution to be run by Al- Ameen Education Society. The Institute offers the two main courses of study: Bachelor of Computer Application (BCA), Master of Computer Science (M.Sc), affiliated to Bangalore City University and recognized by Govt. of Karnataka.

AIIS was started with a modest beginning and today is claimed to be one of the recognized institutions in the field of Computer Education in the State of Karnataka, accredited by NAAC. The management is fully committed to provide the quality and value based education by professionally trained teaching faculty with the state of the art facilities available to learners in Computer Education, who are admitted on the basis of merit. Hence Al-Ameen Institute of Information Sciences is sought after by a cross section of the student's population of Metropolitan City of Bangalore apart from enquiries from foreign students to seek admissions.

CAMPUS

The aesthetic Al-Ameen educational complex looms large on Hosur road and has become a landmark in this Garden City. The management has consolidated the infrastructure of the institutions with adequate buildings, laboratories, equipments, library, canteen and other facilities. Aiming at creating an ideal environment for good students life, the college is housed on an impressive and imposing building. It is located in the heart of the city in a sprawling serene campus with a beautiful landscape.

Why Choose Us?

- Microsoft Certified course in Collaboration with Microsoft Corporation.
- Project collaboration with MNCs and National Software Industries.
- Excellent academic results with University ranks.
- Affordable fee structure.
- Excellent lab facility with Internet.
- Regular visits to the IT Company
- Seminars on latest Technologies by IT Gurus.
- Hostel facility for Boys and Girls.
- Personality development Seminars and Workshops.
- Experienced and innovative Project Guides.

FACILITIES

FACILITIES

- HOSTEL FACILITY
- CLASS ROOMS
- LIBRARY
- SEMINAR HALLS
- CANTEEN
- CYBER CAFE
- CAMPUS LIFE

Computational Facility

The College has Six Labs, which provide an excellent environment to induce Out of the Box Thinking among the students. The hi-tech infrastructure with 24/7 internet facility of the lab motivates students to stretch themselves to attain excellence in the practical aspects of their knowledge implementation in real world.

The Classrooms

FACILITIES

Networking Lab

Networking is ubiquitous today. Our Networking Lab provides the means to our students to learn about Computer Networks, Client Server Models & Data Communication and Transmission Techniques.

Application Lab

This Lab is well equipped with the hardware and software required for working on the latest versions of Application Softwares such as C, C++, JAVA, Visual Studio, Python, PHP, .net, MySQL etc...

Embeded/Digital Lab

The Digital Lab has got all the latest Hardware components and tools such as Micro Processor Kits, Integrated Chips, Printed Circuit Boards, IC Kits, Patch Cards, bread boards etc. All the systems are supported with MATLAB and C Programming Softwares.

System Lab

Provides the tools and softwares required to design softwares for compilers, loaders, linkers, Interpreters and other system related projects as part of the academic curriculum of Bangalore University.

Enterprise Lab

The lab is equipped with latest technology computer systems for the final year students of M.Sc & BCA to execute their Curriculum and Live industrial projects in latest technologies like Android, .Net, PHP using databases Oracle / MySql with the web servers like Apache Tomcat/ Java webserver.

Language Lab

Communication is vital in academics and professional life. Hence to harness the level of communication we have a fully upgraded language lab with ODLL software, which provides students of BCA/M.Sc the cutting edge in language learning.

SEMINAR HALL

CLASSROOMS

READING ROOMS

LIBRARY

'Where Information Transforms into Knowledge'

*This is the Information Source Center that quenches the thirst of our students in quest of knowledge. With over **10,000** volumes on more than **1800** titles, our Library provides a systematic catalog for the students convenience.*

Apart from the course/reference books, the library subscribes to various technical as well as non-technical national and international journals and periodicals. It gives the students a glance of the emerging trends & technologies in the fields of Politics, Business, Health Sciences and Information Technology.

E-LIBRARY

AIIS Library is well equipped with E-Facility. Student can login to their portals and check for the availability of books and reserve the same from their account. Students can also download the E-books, previous year question papers, etc...

Digital Library: *IEEE Digital Journals are subscribed for post graduate students from "GIST" (Global Information Systems Technology Pvt. Ltd.), Gurgaon, Haryana, India.*
